

N478DS / SN 40.1169

2013 DA40-XLT Diamond Star

SHORELINE
AVIATION

N478DS / SN 40.1169

Aircraft Specifications

Airframe 165 TTSN
Engine Lycoming IO-360-M1A, 165 TTSN
Prop HC-C2YR-1N/N7605, 165 TTSN

Above Airframe / Engine / Prop Times +/-15 hours

Inspection Status

Diamond Service Center Annual Completed 5/18

IFR Certification Completed 4/17, Next Due 4/19

Comments

One owner since new. No Damage History.

Always Hangared. Excellent Condition

Aircraft Specifications

DA40 XLS with Garmin G1000

- GDU 1040 Primary Flight Display
- GDU 1044 Multi-function Display
- GDC74 Integrated Digital Air Data Computer
- GRS77 Attitude & Heading Reference System
- Dual GIA63W Integrated VHF COM/NAV/ILS/GPS Radio Modules
- GEA71 Airframe/Engine Interface Unit
- GMA1347 Digital Audio Controller with Digital ATC Playback Recording
- GMU44 Magnetometer
- Garmin GTX33 Integrated Mode S Transponder
- GDU 1040 Primary Flight Display
- GDU 1044 Multi-function Display
- GDC74 Integrated Digital Air Data Computer
- GRS77 Attitude & Heading Reference System
- Dual GIA63W Integrated VHF COM/NAV/ILS/GPS Radio Modules
- GEA71 Airframe/Engine Interface Unit
- GMA1347 Digital Audio Controller with Digital ATC Playback Recording
- GMU44 Magnetometer
- Garmin GTX33 Integrated Mode S Transponder
- Hartzell 2-blade scimitar structural composite propeller
- Extended Range Fuel Tanks (50 USG)
- Performance Landing Gear Kit Winter Kit
- 4-way Baggage Compartment System
- AMSafe Inflatable Restraints (front seats)
- Armrests (front canopy side rail, pilot and co-pilot)
- Powerflow tuned exhaust system
- 12 Volt auxiliary power plug
- 406 Mhz ELT

Installed Optional Equipment

- Garmin Synthetic Vision Technology
- Avidyne TAS 600 Active Traffic System
- Garmin GDL69A Satellite Data Link Weather
- Interior - Premium Leather - Beige with Walnut Burl Trim
- Exterior Trim - DA40-H2 - Silver / Dark Charcoal / Black
- REIFF Engine Heater
- Canvas Cockpit Cover

Interior

Premium Leather - Beige with Walnut Burl Trim.
Excellent Condition- shows beautifully.

Exterior

DA40-H2 - Silver / Dark Charcoal / Black. Always hangered!

1. The DA40's bubble canopy provides a panoramic view, adding to your situational awareness as well as the enjoyment of each flight. Fighter jet-like, the front canopy lifts up for easy entry to the front seats. An aft door lifts for easy access to the back seats and to the baggage compartment behind the seats.

2. The Garmin G1000 glass cockpit with fully integrated Garmin GFC 700 digital autopilot offers unparalleled situational awareness using the two 10 inch screens, with traffic, weather, terrain and chart information. A well laid out panel puts all switches and controls within easy

reach. The adjustable electroluminescent panel lights and backlight aluminum etched panel ensures switches, breakers and controls are easily located and identified in night conditions. Electrically operated rudder pedals adjust to allow pilots of differing sizes to fit comfortably in the cockpit.

3. The DA40 is a breeze to load – just open the aft door and fold the rear seats forward. The generous 4-Way Baggage Compartment accommodates your weekend luggage as well as longer items such as skis and golf clubs. A hidden compartment stores briefcases and laptops.

4. Anti-submarine seats and Amsafe Inflatable Restraints further increase the occupant protection of the DA40's 26G cabin. A 406 MHz ELT and electronic carbon monoxide detector is included.

5. Overhead lights for all four seats offer easy chart or book reading in low light conditions. Overhead vents provide air direction control.

6. Responsive dual control sticks smoothly connect to the control surfaces. Electric elevator trim, autopilot disconnect and a push-to-talk are all built in.

DA40 XLT

2013 Interior Features and Benefits

1560 Crumlin Sideroad, London ON N5V 1S2 • www.diamondair.com • (519) 457-4000

ABOUT

Shoreline Aviation

Since 1981, Shoreline Aviation has offered aircraft sales and acquisition services to a diverse clientele. Conveniently located just 20 miles southeast of Boston at the Marshfield Airport (KGHG), our facility is easily accessible to domestic and international buyers.

Shoreline offers brokerage and acquisition services for pre-owned piston and turbine aircraft from a wide range of manufacturers including Cessna, Piper, Socata, Beechcraft, Mooney, and more.

ABOUT

Our Process

Our team of aviation professionals is ready to provide expert advice and practical solutions for equipment selection, acquisition, aircraft management, aircraft maintenance, insurance procurement, financing, flight crew selection, flight training, and any other detail related to the acquisition or sale of an aircraft.

During the acquisition or sales process, our Director of Maintenance provides support to the sales staff as well as prospective buyers regarding the condition and maintenance history of our sales listings.

Experienced pilots conduct test flights and pre/post inspection evaluations. From sales staff to maintenance, flight crews, detailers and ground crews, our entire team works together on behalf of you, our valued client.

During the acquisition process, we seek the best possible aircraft to meet your specific needs and negotiate on your behalf for the best value. Our expert maintenance personnel will ensure that the aircraft is in the condition we expect. The mission of our team is to protect your best interests and make aircraft acquisition and ownership a pleasurable experience.

ICT (Infrared Controlled Technology) 100% genuine leather is on all seating surfaces. The same leather as used on all BMW convertibles, it reflects IR rays in direct sunlight and maintains 20°C lower surface temperature than traditional leathers.

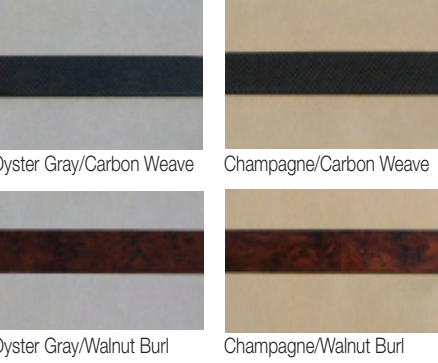

Seats have been redesigned for improved lumbar contour.

Embossed, padded headrests

The DA40 XLT is available in interior colors of Oyster Gray or Champagne Beige with choice of Carbon Weave or Walnut Burl accents. The new color schemes are used throughout the interior including on seating, side panels, overhead panels and trim wheel.

Interior Color Options

The remolded trim wheel cover and narrowed seat buckle area increases the width of each seat by 1 inch. A mini-pocket on the pilot inboard side panel conveniently stores smart phones or electronic devices.

The lower seat cushions and seat back covers easily remove for cleaning or to be replaced.

Rosen see-through sunvisors reduce heat and glare.

The Hobbs meter is located just ahead of the pilot outboard storage pocket.

The trim panel on the lower edge of the instrument panel is styled in Carbon Weave or Walnut Burl to match the trim wheel cover and other accents, and connects to the center tunnel.

Rear seat pockets hold cell phones and magazines. Cup holders have Walnut Burl or Carbon Weave accents

Redesigned footwells allow passengers to stretch out and the MP3 / XM radio jack is conveniently located with the headphone jacks.
