About the Company

Shoreline Aviation is a full service FBO and charter operator located at the Marshfield Airport (KGHG) since 1981, Shoreline Aviation's team of aviation professionals stands ready to service a broad range of aircraft ranging from piston singles to corporate jets. Shoreline Aviation is a privately held company.

Shoreline Aviation's Line Service Technicians (LST) perform a variety of duties related to general and corporate aviation including, but not limited to: greeting, parking, fueling, de-fueling, towing, cleaning, loading, and unloading of aircraft, ramp duties, invoicing, pre and post flight support of charter flight crews. The LST must be able to consistently comply with every aspect of Shoreline Aviation's company procedures and will be expected to maintain the highest possible service standards in the industry. Duties will also include general grounds and facilities upkeep and other duties that may be assigned as needed. The LST must abide by all Shoreline Aviation Safety Protocols to create a professional, safe, secure and accident free environment.
