

PRIVATE AIR TRAVEL TAILORED FOR YOU

From aircraft charter and sales to management, maintenance and FBO services, our entire staff is dedicated to exceeding your expectations. Take flight with Shoreline Aviation today!

An FAA Air Carrier since 1982, our team understands that your private aviation experience isn't just about getting from point A to point B. We know it's about identifying and fulfilling your specific needs while maintaining an unflinching focus on safety.

What's our formula? We pair experienced flight crews, meticulously cared for aircraft, and a detail-oriented flight logistics team to deliver an incomparable experience for you and your travel companions.

WHY CHOOSE SHORELINE?

Outstanding Safety Record

Shoreline is **ARG/US Gold** rated and **Wyvern Registered**. With nearly four decades of experience and in-house maintenance, Shoreline consistently delivers the highest level of dispatch reliability in the industry. Our logistics team stays on top of emerging weather or delay programs and is quick to offer alternate solutions, thereby minimizing the potential for last minute surprises.

World-Class Services & Amenities

Every member of our team collaborates to provide extraordinary service through every phase of your trip. We don't believe in "one-size-fits-all" approach. Instead, we believe in long term relationships and teamwork to ensure a great flight experience, every time.

Versatile Fleet

Our fleet includes some of the most trusted, versatile and efficient aircraft in the world. These aircraft can access thousands of smaller airports, including those with runways less than 5000'. Our jet models are equipped with state-of-the-art communications systems, complimentary Wi-Fi, and well-appointed passenger cabins.
